

SAM TECHNOLOGY PROGRAM: CHROMEBOOK™ POLICY
STUDENT/PARENT/SCHOOL AGREEMENT

Upon signing of this agreement, the student is receiving possession of a working school-owned Chromebook™ and power cord. We have read and understood the SAM Technology Program Chromebook™ Policy. This policy is incorporated by reference into this agreement. We promise to abide by this policy and understand that receiving a Safa and Marwa Islamic School Chromebook™ is a privilege that may be forfeited by non-compliance with the policy.

We understand that we will be responsible for any costs or damage to or replacement of the Chromebook™ issued.

If we fail to return the school-owned Chromebook™ after the school year or withdrawing from Safa and Marwa Islamic School, the student's official records will be held until full payment or return of the Chromebook™ has been made and that legal action may be taken. Rental and/or replacement fees will also apply.

Please sign below to express your understanding and agreement to the terms above. Remove and return this page to the school office.
